

---Property Highlights---

Beautiful and elegant Craftman bungalow with exquisite workmanship throughout. Three upper level bedrooms and full bath, graceful and carefully designed main level with study, formal dining, gourmet kitchen and great room. The lower level is finished with a 4th bedroom, family room and ¾ bath. Enjoy restful hours in the screened porch and lush private backyard.

Main Level Living

- Spacious entrance with wood floors that leads you in to the lovely main level
- Gorgeous wood floors throughout, crown molding, and loads of craftsman details
- Front porch with pergola-type cover with access to the living room
- The gracious living room features a brick fireplace – a perfect place to gather
- Opposite the living room is a dedicated study or create a music room; period bookcases included
- The formal dining room boasts corner bookcase buffet and plenty of room for every gathering
- You'll be wow'd in the gourmet kitchen with center island, high-end Thermador gas cooktop, double ovens, sub-zero fridge, undercab lighting, and plenty of craftsman-styled cabinetry
- Open to the kitchen is the great room; relaxing and comfortable with beautiful built-in bookcases
- Access the 3-season screened porch that overlooks the backyard and there's a convenient ½ bath

Upper Level Living

- The lovely wood floors continue on this level as well as the architectural designs
- Three sizable bedrooms with large closets are featured including a lovely master with a wall of closets and built-in dresser
- Need more closet space? Take a look at the walk-in that will meet your needs!
- The full bath boasts wood flooring, period-style lighting, deep soaking tub and separate shower

Lower Level Living

- Fully finished with a fun family room for movie night and 4th bedroom with egress window
- Become the wine connoisseur you always wanted to be with your own dedicated wine cellar!
- A laundry room, mechanical and storage room, and ¾ bath complete this level

General Information
